If you don't know where you are going,
you might wind up someplace else.

- Yogi Berra

Where do I see us going as partners,
colleagues

FEMA

As a group

- Keep the Southeast REP Workshop going
- Develop guidance that is usable for all in
 - Alert & Warning Systems
 - Scenario design and integration of other requirements
 - Exercise credit
 - Pre scripted compensatory measures for disasters
 - Monitoring – how do you plan for thousands of people and the resources to do the job
 - Plan for the federal response
 - And what ever you all believe we need to build
