

FEMA

March 4, 2022

Stephen C. McCraney, Executive Director
Mississippi Emergency Management Agency
Post Office Box 5644
Pearl, Mississippi 39208

Dear Mr. McCraney:

Mississippi's certification for Radiological Emergency Preparedness for the Grand Gulf Nuclear Station for calendar year 2021 is approved.

Our FEMA Site Specialist has reviewed your supporting documentation and will coordinate technical assistance visits with your staff to resolve any questions. My staff and I look forward to continuing our close and cooperative working relationship in ensuring the emergency preparedness and response capabilities in the State of Mississippi and those counties surrounding the Grand Gulf Nuclear Station.

If you have any questions, please contact Robert Spence at (770) 220-3177, my designated Section Chief for the States of Alabama, Florida, and Mississippi.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kevin B. Wells", is written over a horizontal line.

Kevin B. Wells
Chief, Technological Hazards Branch
Regional Assistance Committee Chairperson
