FEB 29 2008

Mr. Henry R. Renteria
Director
State of California
Governor's Office of Emergency Services
3650 Schriever Avenue
Mather, CA 95655

Reference: Radiological Emergency Preparedness Program
Annual Letter of Certification

Dear Mr. Renteria:

Thank you for your letter of January 31, 2008, to Regional Administrator Nancy Ward, submitting the Annual Letter of Certification for the State of California's Radiological Emergency Preparedness program.

This submittal, along with the assertion that all requisite activities have been undertaken or completed, as appropriate, by state and local organizations and the licensees, generally meets the intent of Section C of the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) Guidance Memorandum PR-1, Policy on NUREG 0654 / FEMA REP-1 and Title 44 of the Code of Federal Regulations (CFR) Part 350, Periodic Requirements.

In order to enable us to complete our review of the submittal, please provide the additional information associated with the Planning Standards set forth in NUREG 0654 / FEMA REP-1 for the Diablo Canyon Power Plant (DCPP), the San Onofre Nuclear Generating Station (SONGS) and the State of California as outlined in the table below:

Planning standard	DCPP	SONGS	STATE
