Reference: Radiological Emergency Preparedness Program, Annual Letter of Certification for 2012.

Dear Mr. Wicjorek:

Thank you for your submittal of the report on the Periodic Requirements and Annual Letter of Certification related to the state of California, the Diablo Canyon Power Plant (DCPP) and the San Onofre Nuclear Generating Station (SONGS).

This submittal, along with the assertion that all requisite activities have been undertaken or completed, as appropriate by state and local organizations and the licensees, generally meets the intent of Title 44 of the Code of Federal Regulations Part 350, Periodic Requirements, and Section IV.R. of the Department of Homeland Security's Federal Emergency Management Agency (FEMA) Radiological Emergency Preparedness (REP) Manual, April 2012.

In order for us to complete our review of the submittal, in accordance with the REP Annual Letter of Certification Review Guide, as per the April 2012 REP Manual, please provide the additional information associated with the Planning Standards set forth in NUREG 0654/FEMA REP-1 for the state of California, the Diablo Canyon Power Plant, and the San Onofre Nuclear Generating Station as outlined in the following table.
