Jim Brown  
Chief, Technological Hazards and Systems Division  
California Governor's Office of Emergency Services  
3650 Schriever Avenue  
Mather, CA 95655

Reference: Radiological Emergency Preparedness Program, Annual Letter of Certification for 2013.

Dear Mr. Brown:

Thank you for the submittal of the Annual Letter of Certification (ALC) reports, dated January 30, 2014, related to the state of California, the Diablo Canyon Power Plant (DCPP) and the San Onofre Nuclear Generating Station (SONGS).

This submittal, along with the assertion that all requisite activities have been undertaken or completed, as appropriate by state and local organizations and the licensees, generally meets the intent of Title 44 of the Code of Federal Regulations Part 350, Periodic Requirements, and Section IV.R. of the Department of Homeland Security's Federal Emergency Management Agency (FEMA) Radiological Emergency Preparedness (REP) Manual, June 2013.

The submittal, as received, is complete in the majority of areas covered in the ALC Review Guide. There is one area where additional information or documentation is required. The enclosure is a detailed explanation of requested information.

We understand that this documentation is being assembled. If you have any questions or require any assistance, please contact Site-Specialist Alberto Sifuentes at (510) 627-7104. Thank you for your efforts in coordinating this submission.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Grundstrom".

Richard Grundstrom  
Regional Assistance Committee Chair  
FEMA Region IX
