

# Corrective Action Plan

This corrective action plan outlines identified gaps in the Annual Letters of Certification (ALCs) during the 2020 calendar year, due to the COVID-19 pandemic.

Line #	Description of Activity	Responsible ORO	POC	Estimated date of completion
1	Limited REP training and exercise activities occurred for all EPZ's to include BVPS, LGS, PBAPS, LGS, and TMI due to the Public Health Emergency (PHE) and social distancing restrictions. This was an additional burden for Bureau of Radiation Protection training activities for Field Teams and Laboratory operation training sessions. Virtual training and exercise demonstrations were conducted to provide supplemental and temporary variations to best fulfill requirements for meeting reasonable assurance.	PEMA, BRP, Risk and Support Counties of BVPS, LGS, PBAPS, LGS, and TMI, and Medical Services Hospitals (MS-1).	Various POCs per respective EPZ	CY 2021 in support of the BVPS, PBAPS, LGS, and SSES exercises and scheduled Federal Evaluated MS-1 Drills once travel and social distancing restrictions are lifted. Complete BVPS – Beaver County and Risk Municipality 2020 evaluations. Complete remaining PBAPS 2020 municipal evaluations on March 2, 2021.
