Re: Approval of 2020 Annual Letters of Certification for Iowa

Dear Mr. Sroka:

We have completed our review of your 2020 Annual Letters of Certification (ALCs) for the State of Iowa, the Duane Arnold Energy Center, and the Quad Cities Generating Station. All three of your submissions have been approved. We have also reviewed and approved your corrective action plan (CAP) for the three items identified in the ALC that were not yet completed. This CAP will be filed with the ALC submission.

If you have any questions concerning the above, please contact Cody McKown at cody.mckown@fema.dhs.gov or (816) 332-2123.

Sincerely,

Thomas J. Morgan, RAC Chair
Chief, Technological Hazards Branch
National Preparedness Division
DHS-FEMA Region VII
