Kansas City, Missouri 64131

Ref: State of Iowa - 2020 Annual Letters of Certification

Dear Ms. Fields,

Enclosed please find the Annual Letters of Certification for 2020 for the State of Iowa, Duane Arnold Energy Center, and the Quad Cities Generating Station and their respective attachments.

Due the COVID -19 Pandemic and the Governor's Public Health Emergency Proclamation, only a few radiological emergency response activities were conducted prior to the Iowa Governor's Public Health Proclamation on March 9, 2020. For the remainder of 2020, various public health restrictions for conducting in-person radiological emergency response activities were enforced. As a corrective action, the State of Iowa intends to conduct REP trainings, drills, and exercises during calendar year 2021, if allowable under the Governor's Public Health Emergency Proclamation.

If you have questions or comments regarding these documents please do not hesitate to contact me at (515) 323-4324.

Sincerely,

A handwritten signature in black ink, appearing to read "JSroka".

Jeremy Sroka
REP Program Manager
