

FEMA

March 10, 2021

Mr. Robert Ezelle, Director
State of Washington, Military Department
Emergency Management Division
Building 20 MS: TA-20
Camp Murray, Washington 98430-5122

Dear Mr. Ezelle:

The Washington State report on the Periodic Requirements and Annual Letter of Certification dated January 28, 2021, for calendar year 2020, is hereby approved. The State of Washington and the affected local jurisdictions' response plans, drills, and preparedness measures provide reasonable assurance that appropriate measures can be taken to protect the health and safety of the public in the event of a radiological emergency. Therefore, 44 CFR Part 350 approval of the offsite radiological emergency response plans and preparedness for the State of Washington, site-specific to the Columbia Generating Station, will remain in effect.

The review was conducted in accordance with 44 CFR 350.5, NUREG-0654/FEMA-REP-1 and the 2016 FEMA Radiological Emergency Preparedness Program Manual. If you have any questions, please feel free to contact Janet L. Hlavaty-LaPosa, the FEMA Region 10 Regional Assistance Committee Chair at 425-487-4618, or at janet.hlavaty-laposa@fema.dhs.gov.

Sincerely,

Vincent J. Maykovich
Acting Regional Administrator
