Mr. Robert Ezelle, Director  
State of Washington, Military Department Emergency Management Division  
MS: TA-20; Building 20  
Camp Murray, Washington 98430-5122

Dear Mr. Ezelle:

The Washington State report on the Periodic Requirements and Annual Letter of Certification dated January 24, 2024, for calendar year 2023, is hereby approved. The State of Washington and the affected local jurisdictions' response plans, drills, and preparedness measures provide reasonable assurance that appropriate measures can be taken to protect the health and safety of the public in the event of a radiological emergency. Therefore, 44 CFR Part 350 approval of the offsite radiological emergency response plans and preparedness for the State of Washington, site-specific to the Columbia Generating Station, will remain in effect.

The review was conducted in accordance with 44 CFR 350.5, NUREG-0654/FEMA-REP-1 and the 2019 FEMA Radiological Emergency Preparedness Program Manual. If you have any questions, please feel free to contact Janise Stoliarova, the FEMA Region 10 Regional Assistance Committee Chair (Acting) at 202-924-0344, or at [janise.stoliarova@fema.dhs.gov](mailto:janise.stoliarova@fema.dhs.gov).

Sincerely,

Willie G. Nunn  
Regional Administrator
