April 2, 2024

Kevin Guthrie, Director  
Florida Division of Emergency Management  
2555 Shumard Oak Boulevard  
Tallahassee, Florida 32399-2100

Dear Director Guthrie:

Florida's certification for Radiological Emergency Preparedness regarding the St. Lucie and Turkey Point Nuclear Power Plants for calendar year 2023 is approved.

Our FEMA Technological Hazards Branch staff has reviewed your supporting documentation and will coordinate technical assistance visits with your staff and the Department of Health, Bureau of Radiation Control for the continuance of reasonable assurance.

We look forward to continuing our joint working relationship to ensure the appropriate emergency preparedness and response capabilities are maintained in the State of Florida and those counties in the emergency planning zones for St Lucie and Turkey Point Nuclear Power Plants.

If you have any questions, please contact Robert Spence at (770) 220-3177, my designated Section Chief for the States of Alabama, Florida, and South Carolina.

Sincerely,

Kevin B. Wells  
Chief, Technological Hazards Branch  
Regional Assistance Committee Chairperson

Enclosure
